The **Phenom 100** is a high performance entry level light executive jet that offers excellent value and comfort for up to 4 passengers.

G-SVRN's cabin, offering four individual seats, is beautifully appointed in light leather to create an airy, spacious environment.

The aircraft with its large baggage compartment is perfect for both business and leisure travel, balancing convenience and efficiency providing access to smaller airports closer to your final destination.

The major business centres of Paris, Frankfurt & Geneva are all within cost effective, easy reach of London.

At the rear of the cabin there is a separate toilet compartment.

### Interior Dimensions
